June 5, 2017

Dear friends and family,

In February of 2016, I founded EDS Wellness to promote health education, public health initiatives, integrative healthcare, and wellness strategies for living well with hypermobility syndromes, such as Ehlers-Danlos syndrome (EDS) and their comorbid conditions. EDS Wellness has touched the lives thousands of hypermobility syndrome patients through our publications, webinars and videos, classes, and our patient and health care provider conferences. ***There is much work to be done!***

EDS Wellness will be hosting a [Physicians' Learning Conference, 'Integrative Healthcare Strategies for Patients with Chronic Pain and Multisystemic Chronic Illness'](#) on June 10-11th, 2017 in Middleburg, Va. Our Physicians' Learning Conference will occur on the heels of EDS Awareness Month -- held annually each May. This year's awareness month came soon after the release of the revised diagnostic criteria for all Ehlers-Danlos syndromes (EDS) and Hypermobility Spectrum Disorders (HSD) -- a collaborative research publication published in the American Journal of Medical Genetics Part C: Seminars in Medical Genetics on March 15th, 2017. *The first update in nearly 20 years!*

This year's conference features top chronic illness specialists from the U.S. and the U.K. EDS Wellness' Physicians' Learning Conference strives to promote an open-minded environment — one that opens doors to understanding and facilitates constructive conversations; thus, increasing awareness and decreasing the time to proper diagnosis.

EDS Wellness has also launched the Global Alliance for Hypermobility Spectrum Disorders Providers (GAHSDP). The GAHSDP was created by EDS Wellness as a professional network for healthcare providers who are committed to improving the proper diagnosis and care of all patients living with EDS, HSD and other complex, multisystemic conditions. Membership to GAHSDP, includes access to a private education, networking and referral forum integrated into EDS Wellness' website.

The momentum is building and EDS Wellness needs your support!

I am reaching out to you today to invite you to become a sponsor, donor or partner of EDS Wellness. There are several ways that you can be involved - your contributions can help make a huge difference!
Every little bit helps!

If interested, donation information can be found on our donations page - <http://edswellness.org/donations/>, or donations can be made directly through our direct PayPal donation link - <https://www.paypal.me/EDSWellness>. All donations are 100% tax-deductible and a receipt for your monetary or in-kind donation will be provided.

As a sponsor, partner or donor, you will receive exposure on our EDS Wellness web page, in our event publications, and on our social media and during our conferences. Your assistance will allow EDS Wellness to develop new initiatives and directly support programs that improve the lives of patients living with hypermobility syndromes. Information regarding the sponsorship options is enclosed. You can also find information by visiting <http://edswellness.org/sponsors-vendors-partners/>.

The EDS Wellness team and I, would be more than honored if you were interested in becoming a sponsor, donor or partner of our organization or the 2017 Physicians Learning Conference. I am very excited about the opportunities ahead for EDS Wellness and know that your contributions will be invaluable. Please feel free to either call my cell phone (240-687-7791), or send an email to Kendra@edswellness.org.

Warm Regards,

Kendra Neilsen Myles
